1 [FS2: dynamic data replication in free disk space for improving disk performance and energy consumption](#)

Hai Huang, Wanda Hung, Kang G. Shin

October 2005 SOSP '05: Proceedings of the twentieth ACM symposium on Operating systems principles

Publisher: ACM

Additional Information: full citation, abstract,

Full text available: pdf(542.63 KB)

references, cited by, index
terms

Disk performance is increasingly limited by its head positioning latencies, i.e., seek time and rotational delay. To reduce the head positioning latencies, we propose a novel technique that *dynamically* places copies of data in file system's free ...

Keywords: data replication, disk layout reorganization, dynamic file system, free disk space
